

# Notice of Submission of Environmental Assessment

## Waste Management Environmental Assessment, City of Sault Ste. Marie

The City of Sault Ste. Marie has completed a Waste Management Environmental Assessment. As required under section 6.2(1) of the *Environmental Assessment Act* and according to the terms of reference approved by the Minister of the Environment, Conservation and Parks in September 2005, the City of Sault Ste. Marie has submitted its environmental assessment to the Ministry of the Environment Conservation, and Parks for review and approval.

The City of Sault Ste. Marie's existing landfill is projected to reach capacity in 2027. The undertaking consists of an expansion of the Sault Ste. Marie Landfill footprint located at 402 Fifth Line East in the City of Sault Ste. Marie. The service area will be the same as the existing landfill, (i.e. the City of Sault Ste. Marie, Prince Township and Batchewana First Nation's Rankin Reserve). The expansion will have a disposal capacity of 3.17 million m<sup>3</sup> of waste and daily/intermediate cover (i.e. 1.78 million tonnes of waste). It is forecasted that waste will be landfilled at a maximum rate of approximately 76,000 tonnes annually. The expanded site is expected to last until approximately 2049.

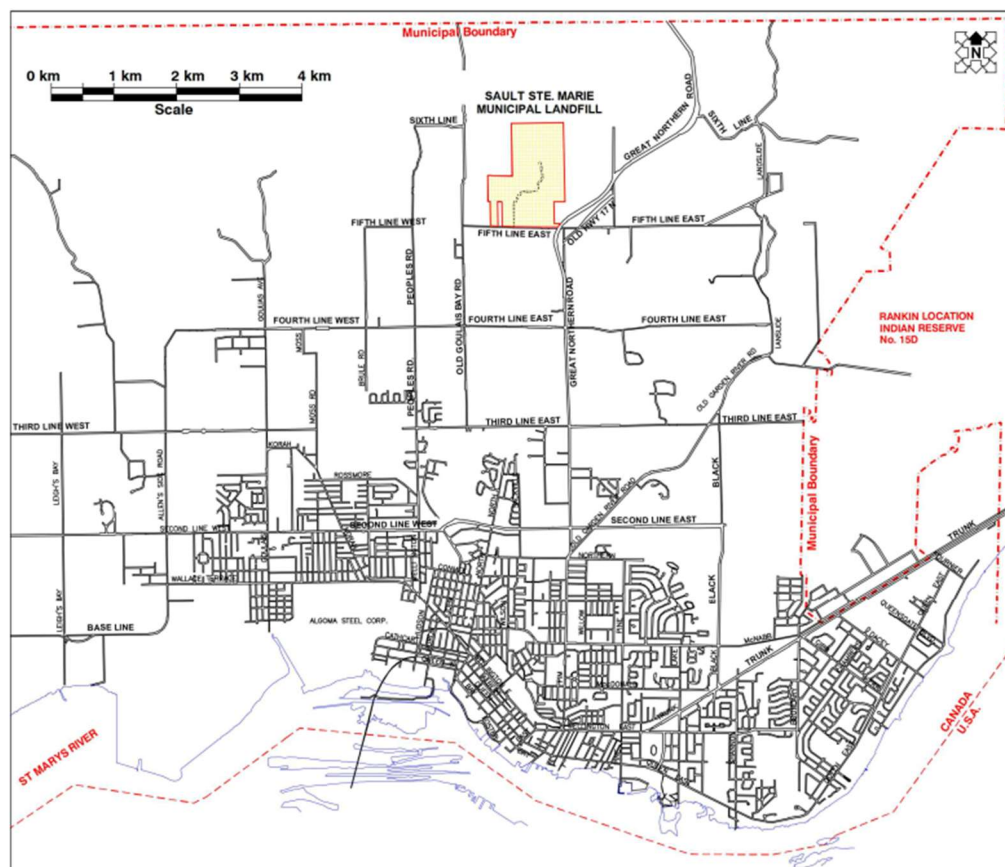

Figure 1.1 – City of Sault Ste. Marie Municipal Landfill Key Plan

As required under the *Environmental Assessment Act*, the environmental assessment will be available for public review and comment from January 12, 2024 to March 1, 2024.

You may review the environmental assessment during normal business hours at the following locations:

1. Ministry of the Environment, Conservation and Parks  
Environmental Approvals Access and Service Integration Branch  
135 St. Clair Avenue West, 1<sup>st</sup> Floor  
Toronto, Ontario M4V 1P5
