### **Management's Responsibility for the Consolidated Financial Statements**

The accompanying consolidated financial statements of The Corporation of The City of Sault Ste. Marie (the "City") are the responsibility of the City's management and have been prepared in compliance with legislation, and in accordance with Canadian public sector accounting standards. A summary of the significant accounting policies are described in Note 1 to the consolidated financial statements. The preparation of the consolidated financial statements necessarily involves the use of estimates based on management's judgment, particularly when transactions affecting the current accounting period cannot be finalized with certainty until future periods.

The City's management maintains a system of internal controls designed to provide reasonable assurance that assets are safeguarded, transactions are properly authorized and recorded in compliance with legislative and regulatory requirements, and reliable financial information is available on a timely basis for preparation of the consolidated financial statements. These systems are monitored and evaluated by management.

The finance committee meets with management and the external auditors to review the consolidated financial statements and discuss any significant financial reporting or internal control matters prior to their approval of the consolidated financial statements.

The consolidated financial statements have been audited by KPMG LLP, independent external auditors appointed by the City. The accompanying Independent Auditors' Report outlines their responsibilities, the scope of their examination and their opinion on the City's consolidated financial statements.

## INDEPENDENT AUDITORS' REPORT

To the Members of Council, Inhabitants and Ratepayers of The Corporation of The City of Sault Ste. Marie

### ***Opinion***

We have audited the consolidated financial statements of The Corporation of The City of Sault Ste. Marie (the "City"), which comprise:

- the consolidated statement of financial position as at December 31, 2021
- the consolidated statement of operations and accumulated surplus for the year then ended
- the consolidated statement of changes in net financial assets for the year then ended
- the consolidated statement of cash flows for the year then ended
- and notes to the consolidated financial statements, including a summary of significant accounting policies

(Hereinafter referred to as the "financial statements").

In our opinion, the accompanying financial statements present fairly, in all material respects, the consolidated financial position of the City as at December 31, 2021 and its consolidated results of operations, its consolidated changes in net financial assets and its consolidated cash flows for the year then ended in accordance with Canadian public sector accounting standards.

### ***Basis for Opinion***

We conducted our audit in accordance with Canadian generally accepted auditing standards. Our responsibilities under those standards are further described in the "***Auditors' Responsibilities for the Audit of the Financial Statements***" section of our auditors' report.

We are independent of the City in accordance with the ethical requirements that are relevant to our audit of the financial statements in Canada and we have fulfilled our other ethical responsibilities in accordance with these requirements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

### ***Responsibilities of Management and Those Charged with Governance for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with Canadian public sector accounting standards, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the City's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the City or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the City's financial reporting process.

### ***Auditors' Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion.

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Canadian generally accepted auditing standards will always detect a material misstatement when it exists.

Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial statements.

As part of an audit in accordance with Canadian generally accepted auditing standards, we exercise professional judgment and maintain professional skepticism throughout the audit.

We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion.

The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

Page 3

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the City's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the City to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation
- Communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

Notes to Consolidated Financial Statements

Year ended December 31, 2021

---

The City of Sault Ste. Marie (the “City”) is a municipality that was created on April 16, 1912 pursuant to the Municipal Act. The City provides municipal services such as police, fire, public works, planning, parks and recreation, library and other general government operations.

## 1. Significant accounting policies:

The consolidated financial statements of the City are prepared by management in accordance with Canadian generally accepted accounting principles for governments as recommended by the Public Sector Accounting Board (“PSAB”) of the Chartered Professional Accountants of Canada. Significant accounting policies adopted by the City are as follows:

### (a) Basis of consolidation:

#### (i) Consolidated entities:

The consolidated financial statements reflect the assets, liabilities, revenues and expenses of the reporting entity. The reporting entity is comprised of all organizations, committees and local boards accountable for the administration of their financial affairs and resources to the City and which are owned or controlled by the City except for the City’s government business enterprises which are accounted for on the modified equity basis of accounting.

These entities and organizations include:

Sault Ste. Marie Police Services Board  
Public Utilities Commission of the City of Sault Ste. Marie (“Commission”)  
Sault Ste. Marie Public Library  
Tourism Sault Ste. Marie

Interdepartmental and inter-organizational transactions and balances between these entities and organizations have been eliminated.

#### (ii) Investment in Government Business Enterprises:

The City’s investment in PUC Inc. and PUC Services Inc. is accounted for on a modified equity basis, consistent with Canadian generally accounting principles as recommended by PSAB for investments in government business enterprises. Under the modified equity basis, PUC Inc.’s and PUC Services Inc.’s accounting policies are not adjusted to conform with those of the municipality and inter-organizational transactions and balances are not eliminated. The City recognizes its equity interest in the annual income or loss of PUC Inc. and PUC Services Inc. in its consolidated statement of operations and accumulated surplus with a corresponding increase or decrease in its investment asset account. Any dividends that the City may receive from PUC Inc. and PUC Services Inc. will be reflected as reductions in the investment asset account.

## 1. Significant accounting policies (continued):

### (a) Basis of consolidation (continued):

#### (iii) Related entities:

The consolidated financial statements do not reflect the assets, liabilities, sources of financing, expenses and the activities of the following Boards and enterprises which are not under the control of Council.

Algoma Public Health  
District of Sault Ste. Marie Social Services Administration Board  
Board of Management of Queenstown  
Sault Ste. Marie Public Region Conservation Authority

#### (iv) Trust funds:

Trust funds and their related operations administered by the City are not included in the consolidated financial statements.

### (b) Basis of accounting:

The City follows the accrual method of accounting for revenues and expenses. Revenues are normally recognized in the year in which they are earned and measurable. Expenses are recognized as they are incurred and measurable as a result of receipt of goods or services and/or the creation of a legal obligation to pay.

### (c) Revenue recognition:

The City prepared tax billings based on assessment rolls issued by the Municipal Property Assessment Corporation, in accordance with rates established and approved annually by Council and the Province of Ontario. Taxation revenue is recognized in the period in which the taxes are levied.

Government transfers are recognized in the period in which the events giving rise to the transfer occurred, provided that the transfer is authorized and the amount can be reasonably estimated. Government grants are recognized when approved to the extent the related expenditures have been incurred and collection can be reasonably assured.

User fees and other revenues are recognized when the services are performed or goods are delivered, collection of the relevant receivable is probable, persuasive evidence of an arrangement exists and fees are fixed or determinable. Amounts received for future services are deferred until the service is provided.

### (d) Temporary investments:

Temporary investments are recorded at the lower of cost and market value.

### (e) Inventories:

Inventories held for resale are stated at the lower of cost and net realizable value, while inventories of supplies are stated at lower of cost and replacement value.

## 1. Significant accounting policies (continued):

### (f) Deferred revenue:

Deferred revenues represent licenses, permits and other fees which have been collected, but for which the related services or inspections have yet to be performed. These amounts will be recognized as revenues in the fiscal year the services are performed.

A requirement for local governments is that obligatory reserve funds be reported as deferred revenue. This requirement is in place as provincial legislation and other agreements restrict how these funds may be used and under certain circumstances these funds may possibly be refunded. Given the restriction in use until spent on qualifying projects or expenses these amounts are deferred.

### (g) Non-financial assets:

Non-financial assets are not available to discharge existing liabilities and are held for use in the provision of services. They have useful lives extending beyond the current year and are not intended for sale in the ordinary course of operations.

#### i. Tangible capital assets:

Tangible capital assets are recorded at cost which includes amounts that are directly attributable to acquisition, construction, development or betterment of the asset. The cost, less (if applicable) residual value of the tangible capital assets excluding land, are amortized on a straight-line basis over their estimated useful lives as follows:

Asset	Useful Life - Years
Landfill and land improvements	10 - 30 years
Buildings and building improvements	10 - 60 years
Vehicles	3 - 15 years
Machinery and equipment	5 - 25 years
Infrastructure	15 - 100 years

Half year amortization is charged in the year of acquisition and in the year of disposal. Assets under construction are not amortized until the asset is available for productive use.

#### ii. Contributions for tangible capital assets:

Tangible capital assets received as contributions are recorded at their fair value at the date of receipt and also recorded as revenue.

#### iii. Leased tangible capital assets:

Leases which transfer substantially all of the benefits and risks incidental to ownership of property are accounted for as leased tangible capital assets and amortized over the term of the lease. All other leases are accounted for as operating leases and the related payments are charged to expenses as incurred.

## 1. Significant accounting policies (continued):

### (h) Use of estimates:

The preparation of consolidated financial statements in conformity with Canadian public sector accounting standards requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Significant estimates include assumptions used in estimating provisions for accrued liabilities, landfill liability and in performing actuarial valuations of employee future benefits.

In addition, the City's implementation of the Public Sector Accounting Handbook PS3150 has required management to make estimates of historical cost and useful lives of tangible capital assets.

Actual results could differ from these estimates.

### (i) Employee future benefits:

- i. The City provides certain benefits which will require funding in future periods. These benefits include sick leave, benefits under the Workplace Safety and Insurance Board ("WSIB") Act, and life insurance, extended health and dental benefits for early retirees.

The costs of sick leave, benefits under the Workplace Safety and Insurance Board Act and life insurance, extended health and dental benefits are actuarially determined using management's best estimate of salary escalation, accumulated sick days at retirement, insurance and health care cost trends, long-term inflation rates and discount rates.

For self-insured retirement and other employee future benefits that vest or accumulated over the periods of service provided by employees, such as retirement gratuities, compensated absences and health, dental and life insurance benefits for retirees, the cost is actuarially determined using the projected benefits method prorated on service. Under this method, the benefit costs are recognized over the expected average service life of the employee group. Any actuarial gains and losses related to the past service of employees are amortized over the expected average remaining service life of the employee group.

For those self-insured benefit obligations that arise from specific events that occur from time to time, such as obligations for workers' compensation and life insurance and health care benefits for those on disability leave, the cost is recognized immediately in the period the events occur. Any actuarial gains and losses that are related to these benefits are recognized immediately in the period they arise.

- ii. The costs of multi-employer defined contribution pension plan benefits, such as the Ontario Municipal Employees Retirement System pensions ("OMERS"), are the employer's contributions due to the plan in the period.

### (j) Landfill liability:

The liability for closure of operational sites and post-closure care has been recognized based on estimated future expenses, estimated inflation and the usage of the site's capacity during the year.

## Notes to Consolidated Financial Statements

Year ended December 31, 2021

### 2. Temporary investments:

Temporary investments consist of GIC's with interest rates between 0.8% to 1.6% with maturity dates ranging from June 2022 to September 2022.

### 3. Tax revenues:

Property tax billings are prepared by the City based on an assessment roll prepared by the Municipal Property Assessment Corporation ("MPAC"), an agency of the Ontario government. All assessed property values in the City were reviewed and new values established based on a common valuation date which was used by the City in computing the property tax bills for 2021. However, the property tax revenue and tax receivables of the City are subject to measurement uncertainty as a number of significant appeals submitted by ratepayers have yet to be heard.

The City has established an allowance for tax appeals and other items in the amount of \$2,210,000 (2020 - \$2,210,000). Any supplementary billing adjustments made necessary by the determination of such changes will be recognized in the fiscal year they are determined.

### 4. Deferred revenue:

The balances in the deferred revenue of the City consist of:

	2021	2020
Federal Gas Tax	\$ 7,562,035	\$ 3,166,352
Other programs	62,897	905,889

## 9. Budget figures:

The Budget By-law adopted by Council for the 2021 year was not prepared on a basis consistent with that used to report actual results (Public Sector Accounting Standards). The budget was prepared on a modified accrual basis while Public Sector Accounting Standards now require a full accrual basis. The budget figures anticipated use of reserves to reduce current year expenses in excess of current year revenues to \$Nil. In addition, the budget expensed all tangible capital expenditures rather than including amortization expense. As a result, the budget figures presented in the consolidated statements of operations and accumulated surplus and change in net financial assets represent the financial plan adopted by Council with adjustments as follows:

### 10. Pension agreements:

The City makes contributions to the Ontario Municipal Employees Retirement System pension fund ("OMERS"), which is a multi-employer plan, on behalf of all permanent, full-time members of its staff. This plan is a defined benefit plan which specifies the amount of the retirement to be received by the employees based on the length of service and rates of pay.

The amount contributed to OMERS for 2021 was \$6,487,595 (2020 - \$6,365,697 is included as an expense on the consolidated statement of operations and accumulated surplus).

### 11. Operations of school boards:

During 2021, the City collected and transferred property taxes totaling \$18,234,640 (2020 - \$19,261,555) on behalf of area school boards.

### 12. Trust funds:

The trust funds administered by the City amounting to \$9,116,737 (2020 - \$8,893,843) are presented in a separate financial statement of trust fund balances and operations. As such balances are held in trust by the City for the benefit of others; they are not presented as part of the City's financial position or financial activities. At December 31, 2021, the trust fund balances are comprised of:

	2021	2020
Cemetery Care and Maintenance funds	\$ 6,277,366	\$ 6,117,708

Non-vesting sick leave benefits	2,651,658	2,536,592
<b>Employee future benefit obligations</b>	<b>\$ 39,565,001</b>	<b>\$ 39,691,607</b>

### *Post employment and post retirement benefits*

The City provides non-pension benefits to employees and retirees until they reach 65 years of age. The values that follow have been estimated based upon employee data available during the actuarial review which was completed as at December 31, 2021.

The benefit liability continuity is as follows:

	2021	2020
Accrued benefit liability, January 1	\$ 16,395,752	\$ 16,702,240
Expense	1,505,891	1,623,918
Payments	(1,602,610)	(1,648,535)
Transfer payments	—	(281,871)
<b>Accrued benefit liability, December 31</b>	<b>\$ 16,299,033</b>	<b>\$ 16,395,752</b>

### *Significant assumptions*

Discount rate	2.75%
Health cost increase	4.0% - 6.50%

### *Non-vesting sick leave benefits*

Sick leave benefits accrue to City employees at a rate of one and a half days per month. Unused sick days are banked and may be used in the future if sick leave is beyond yearly allocation. No cash payments are made for unused sick time upon termination or retirement.

## 14. Employee future benefit obligations (continued):

### *Accrued vacation pay*

Accrued vacation pay represents the liability for vacation entitlements earned by employees but not taken as at December 31, 2021.

### *Future payments for Worker's Safety and Insurance Board (WSIB)*

Under the provisions of the Workplace Safety and Insurance Board Act, the City has elected to be treated as a Schedule 2 employer and remits payments to the WSIB as required, to fund current disability payments. An actuarial estimate of future liabilities has been completed and forms the basis for the estimated liability.

## 15. Landfill closure and post-closure liability:

The Environmental Protection Act sets out the regulatory requirements to properly close and maintain all active and inactive landfill sites. Under environmental law, there is a requirement for closure and post-closure care of solid waste landfill sites. This requirement is to be provided for over the estimated life of the landfill site based on usage.

Landfill closure and post-closure care requirements have been defined in accordance with industry standards and include final covering and landscaping of the landfill, pumping of ground water and leachates from the site, and ongoing environmental monitoring, site inspection and maintenance. The reported liability is based on estimates and assumptions with respect to events extending over a sixty year period using the best information available to management. Future events may result in significant changes to the estimated total expenditures capacity used or total capacity and the estimated liability, and would be recognized prospectively, as a change in estimate, when applicable.

The City operates one primary landfill site, the 5th Line Landfill. The site has capacity of approximately 3,000,000 metric tons with approximately 318,000 metric tons of remaining capacity. At current average fill rates, the site has a remaining operating life of approximately 5.3 years.

It is estimated that the total net present value of the cost to close and maintain the 5th Line Landfill site is approximately \$41,232,399 (2020 - \$28,678,519). At December 31, 2021, an amount of \$36,861,764 (2020 - \$25,258,760) with respect to landfill closure and post-closure liability has been accrued and will be funded from future taxation revenues. The City has established a reserve to contribute to the cost of closing and maintaining the landfill site of \$11,619,464 (2020 - \$10,569,840).

## 19. Comparative information:

Certain 2020 comparative information have been reclassified to conform to the financial statement presentation of 2021.

## 20. Impacts of COVID-19:

On March 11, 2020, the World Health Organization declared the outbreak of coronavirus ("COVID-19") a global pandemic. This resulted in the Province mandating various social distancing protocols, resulting in the temporary shutdown of various programs and services.

During the year, the City received funding from the Province of Ontario to offset the financial impacts of COVID-19, which has been recognized as revenue in the current year. Consistent with direction received from the Province of Ontario, unexpended funding at December 31, 2021 has been placed in a reserve to offset future financial impacts of COVID-19.

As at December 31, 2021, the City did not have significant adjustments to reflect the possible future impact of COVID-19. Management assessed the impact on the City and believes there are no significant financial issues as the City has strong working capital available and access to sufficient liquid resources to sustain operations in the coming year.

The outcome and timeframe to a recovery from the current pandemic is highly unpredictable, thus it is not practicable to estimate and disclose its financial effect on future operations at this time.

## 21. Segmented information:

The City is a diversified municipal government institution that provides a wide range of services to its citizens. City services are provided by departments and certain departments have been separately disclosed in the segmented information, along with the services they provide. These departments are:

### General Government

General Government is comprised of City Council, the Mayor's Office, and the Chief Administrators' Office (CAO).

The Chief Administrators' Office is charged with the responsibility of coordinating the work of all municipal departments and ensuring that those departments carry out the policies and directions given by City Council.

### Corporate Services

Corporate Services is comprised of the Clerks Department, Human Resources Department, the Finance Department and the Information Technology Department. Each of these departments provides program support to various other areas.

The Clerks Department's primary task is to function as the corporate secretary to City Council, ensuring that all Council Agendas, Minutes of proceedings, resolutions, decisions, voting, records, and accounts are recorded, documented and certified.

The Human Resources Department is charged with negotiation and administration of all collective agreements as well as all facets of employment and employee benefits.

The Finance Department is responsible for the City's general financial management and budget preparation. The department is comprised of financial administration, accounting, tax and licensing, and purchasing activities.

### Legal Services

The Legal Department is responsible for the preparation of by-laws, deeds, leases, agreements and other legal documents, as well as property management for the City in regards to purchases, sales, leasing, easements and related agreements. Prosecutions and administration of Provincial Offences Act is also part of their responsibility.

### Fire Services

Fire Services is responsible to provide fire suppression service; fire prevention programs; training and education related to prevention, detection or extinguishment of fires. It is also responsible, through its Emergency Medical Services, for pre-hospital emergency paramedical care and the transport of the sick and injured.

## 21. Segmented information (continued):

### Public Works and Engineering

The Public Works Department is responsible for maintenance of municipal infrastructure, such as streets, sewers, and parks. The department provides solid waste management through refuse collection, recycling programs, and sanitary landfill management. The department is also responsible for traffic control, including signage, signals and pavement markings.

The Engineering Department is comprised of Building Services and Engineering and Construction. Building Services provides maintenance, janitorial services and security for the Civic Centre and Ontario Works. The Engineering and Construction Division provides services associated with engineering design, construction, technical services, and special project initiatives.

### Community Development and Enterprise Services

The Community Services Department provides public services for Cemeteries & Crematorium, Central Administration, Community Centres, Recreation and Culture, Transit, and Parking. The Tourism and Community Development Department is responsible for tourism sector development and advancing the Future SSM community development strategy. The Economic Development Department is responsible for business support, attraction, and entrepreneur services. The Planning & Enterprise Services Department facilitates economic development by providing services for the approval of all land development plans and the application of enforcement of zoning by-laws.

### Outside Agencies

These agencies are approved by Council through grant agreements or Memorandums of Agreement. This segment includes grants to the Art Gallery of Algoma, Sault Ste. Marie Museum, Canadian Bushplane Heritage Museum, Algoma University, Pee Wee Arena, and Sault Ste. Marie Innovation Centre. The Sault Ste. Marie Police Service and Sault Ste. Marie Public Library report to City Council through their Boards.

### Levy Boards

These Boards provide the City amounts to be collected on their behalf. Levy Boards include Algoma Public Health, the Sault Ste. Marie Region Conservation Authority, and the Sault Ste. Marie District Social Services Administration Board (DSSAB).

For each reported segment, revenues and expenses include both amounts that are directly attributable to the segment and amounts that are allocated on a reasonable basis. Therefore, certain allocation methodologies are employed in the preparation of segmented financial information.

The accounting policies used in these segments are consistent with those followed in the preparation of the consolidated financial statements as disclosed in the summary of significant accounting policies.
