RE: UPDATE - Building Division Operations During COVID-19 Pandemic

The building division staff are dedicated to continuing to provide service to the community during the COVID-19 pandemic. While the civic centre is closed to the public, our office is working remotely to maintain services including plans review, inspections, and permit issuance.

We encourage the community to contact us to apply for permits during the closure. We are able to complete the review and issue a permit even though construction may not be allowed to commence under Ontario Regulation 82/20 made under the Emergency Management and Civil Protection Act.

Applying for your permit now will ensure that you are project ready when the construction restrictions are lifted!

Please contact building division staff by phone at 705-759-5410 or by email at building@cityssm.on.ca or visit our website at <https://saultstemarie.ca/> for more information.

The Emergency Management and Civil Protection Act and associated Regulations can be viewed at the following link: <https://www.ontario.ca/laws/statute/90e09>
