The Position

General Information

Career firefighters provide emergency response to a wide variety of occurrences including fires, emergency medical calls, motor vehicle accidents and alarm system activations.

Other duties include, but are not limited to, delivering fire safety public education, performing station duties such as tours, cleaning, maintaining grounds and dispatching units to alarms. You are expected to follow Standard Operating Guidelines and directions to complete tasks as assigned. Maintaining physical wellness is key in fulfilling your job requirements.

As a firefighter you will receive extensive and continuous in-service training. This education not only provides knowledge of the latest developments in firefighting and rescue techniques but also covers the handling of hazardous materials, emergency medical procedures, and fire prevention legislation. Firefighters use teaching skills to pass this knowledge on to the public, promoting fire prevention and safety awareness.

Equally important is the capacity to assess a situation and act accordingly as per your training and experience. Firefighters are frequently called upon to use their foresight, training and judgement to rescue others and protect themselves.

In addition to frequent contact with the public, firefighters also spend periods of time living and working together. Whether it is sharing routine maintenance chores or providing back up at the scene of emergency, firefighters must be able to accept orders without question and work effectively as members of a team of professionals.

What you can expect

There is a twelve-month probationary period in which the firefighter will undergo extensive in-service training. If you fail to meet performance expectations during this training period, your employment may be terminated. The City of Sault Ste. Marie offers a comprehensive benefit package, member of OMERS Pension Plan and will become a member of the Sault Ste. Marie Professional Firefighters' Association, Local 529 of the International Association of Firefighters.

Selection Process

The City of Sault Ste. Marie uses a process that promotes fairness and equity among candidates. We urge you to read through this entire section to gain a better understanding of the process. We have included the timing and submission requirements at each step to assist in you in preparing for this process. (Note: these can be subject to change.)

The recruitment process is lengthy and involves many steps. This ensures that we hire candidates that are best suited to the position and our organization. Being prepared is an important part of a Firefighters job and this starts with the recruitment process.

Outlined below is a brief description of the process that the City of Sault Ste. Marie will conduct. Movement from one step to the next will depend on the applicants' performance at each step. Costs associated with obtaining qualifications, certificates, and mandatory requirements are the responsibility of the candidate.

The selection process consists of the following steps: Each step must be successfully passed in order to proceed to next step
