How To Download The Umo Mobility App & Register Your Umo Account

Download the Umo App

1. Open the **App Store®** or **Google Play** on your mobile phone.

2. Search for "Umo Mobility"

3. Click the **Get** button to download the app

4. Once the download is complete, select the **Open** button

Set up the Umo App

5. Select the **Get started** button

6. To assist you with transit options in your area, choose "Allow While Using the App," then select the **Continue** button

7. Confirm your selection

Get Live Updates

8. Select the **Allow** button to get live updates and alerts

9. Confirm your selection

10. Select the **Got it** button
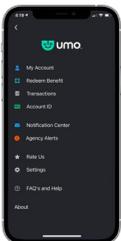

Register Your Account

11. Click **Set up now** to create your account, buy your fare, and get moving

12. Enter your mobile number or use your email address to register

13. Follow the on-screen directions

14. If you entered your mobile number, a 4-digit code will be texted to you. Click **Verify and Create Account** button to continue

Success! Your Umo account has been created. You are ready to Explore, Buy & Go!
